

NEUROGEN PRIME EA

ARTIFICIAL INTELLIGENCE AT THE CORE OF YOUR
TRADING

WHAT IS **NEUROGEN PRIME EA**?

NEUROGEN PRIME EA is a cutting-edge fully automated trading system designed to operate with surgical precision on high-volatility markets.

It's not just an Expert Advisor — it's a cognitive neural engine, built to understand market behavior, adapt in real time, and execute only when all key conditions are perfectly aligned.

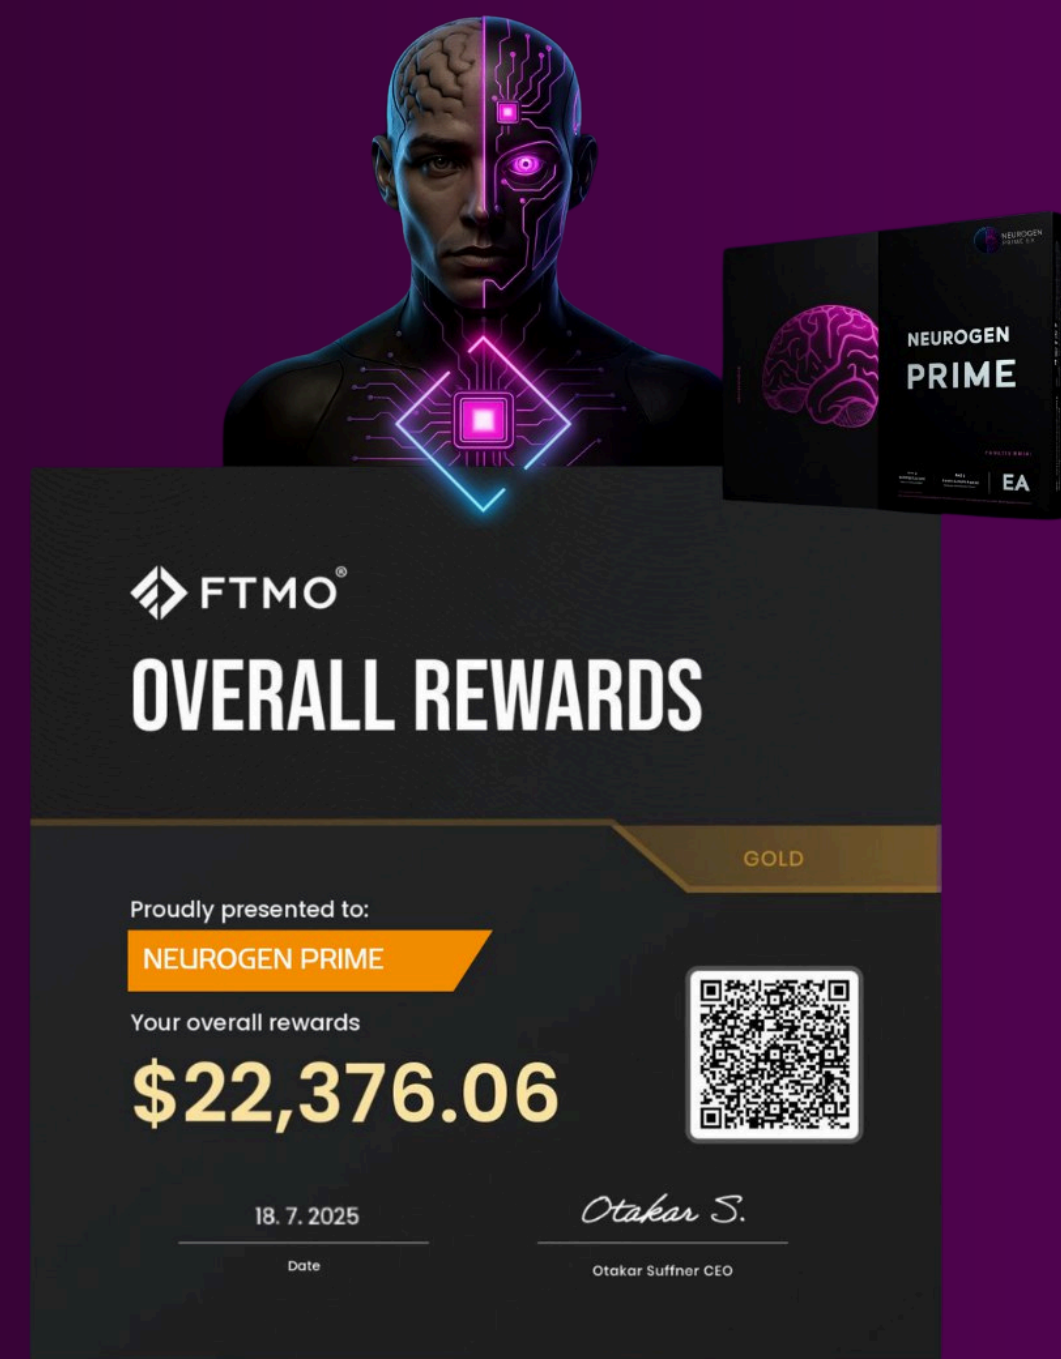

CORE FEATURES

- Single-trade execution (no martingale, no grid)
 - Neural networks + AI for pattern recognition and adaptive strategy
 - Fully automated setup – plug it in, let it work
 - Dynamic SL/TP management based on real-time volatility (ATR)
 - Intelligent time filters to avoid chaotic and low-quality market phases
 - Live signal visualization directly on the chart for full transparency
-

OPTIMIZED MARKET

- NASDAQ 100 (US100) – High-volatility tech index, ideal for intraday and swing trades.
- GOLD (XAU/USD) – Powerful movements on the world's most valuable metal
- BITCOIN (BTC/USD) – Extreme volatility for high-impact trading opportunities

HOW IT WORKS

- Strategic pullbacks on key levels (EMA 20/50)
 - Explosive breakouts confirmed by volume and directional momentum
 - High-probability candlestick patterns (Engulfing, Reversal, Pin Bar) recognized by the AI engine
 - Multi-timeframe trend confirmation using synchronized Triple Supertrend
 - Dynamic RSI filtering to avoid overextended entries
 - Adaptive TP/SL, managed with ATR and contextual AI analysis
-

SMART PENDING ORDERS

NEUROGEN PRIME also supports intelligent pending order execution for maximum precision

- Buy Limit / Sell Limit → for controlled pullback entries
- Buy Stop / Sell Stop → to ride confirmed breakouts with confidence
